**TIPS ON QUITTING CIGARETTES**

1. Pick a Q (Quit) Day.
2. Switch to a low tar-nicotine brand, and begin to cut down BEFORE Q Day.
3. Keep a supply of substitutes handy: mints, gum, celery, carrot sticks.
4. Quit on Q Day; use substitutes when the urge to smoke is strong; keep busy; pamper yourself with special meals; drink plenty of water; exercise.
5. Renew your resolve daily. Think over the health hazards of cigarettes.
6. Plan a treat for yourself with the money you used to spend on cigarettes.
